Women's League for Conservative Judaism

Z'havah gives younger members of Women's League sisterhoods a point of focus and connection with the larger organization. We believe that future leadership will flow from this sense of belonging.

Z'havah is a mechanism for each sisterhood to reach younger, unaffiliated women who may not be aware of – or interested in – the traditional sisterhood package.

Z'havah offers activities which younger women participate in under the umbrella of the greater sisterhood /synagogue connection.

Women's League resources and contacts are available. Each region includes Z'havah programming at its conference and other region meetings and assists sisterhoods in attracting younger women by organizing smaller scale activities directed to their interests.
