

A MAGEN DAVID "WRAPPED" CENTERPIECE

- MATERIALS:**
1. Cardboard disc of any size.
 2. Spool of yarn

- DIRECTIONS:**
1. Start with a cardboard disc of any size.
 2. Mark the circumference off in six equal sections. (If using a protractor, each section will be 60 degrees.) Make the marks A, B, C, D, E, F in clockwise order.
 3. Working with a spool of yarn, tape free end to the back of the disc. (Option: Chenille yarn)
 4. Bring yarn to front to mark A and carry it across the center to opposite mark D.
 5. Bring yarn under the back to F and cross over the center to C.
 6. Again cross under the back to E and cross over the center to B.
 7. Repeat, laying yarn slightly to left of previous strand until disc is entirely covered.

Variety may be introduced by changing to a different color yarn at the end of one sequence.

When disc is completely covered, fasten end of yarn on reverse side.

Insert pin at bottom and attach to base to complete Shabbat Centerpiece.
