

From the President: Debbi Kaner Goldich

Shalom friends,

Welcome to Women's League 2020!

We are the same organization we were 103 years ago when Mathilde Schechter educated a community of Jewish women. But, we are also different than we were 103 years ago. We now use modern technology to reach our women. As an organization we have kept up with societal changes through those years and played a major part in our movement becoming egalitarian.

Instead of teaching our women how to set the Shabbat table, our organization now teaches *Mishnah* to almost one hundred women who join together monthly to study on Zoom and are taught by women Rabbis who are graduates of our Seminaries. Now our women learn how to wrap tefillin and share personal conversations. And, now our Sisterhood affiliates learn how to manage every aspect of their Sisterhood programming, finances and education virtually. As for technology, you will find Women's League on Twitter, Instagram and Facebook.

Give yourself the gift of Women's League! Discover what you can get for your membership. Add WLCJ to your social media accounts. "Opt in" and send your email address so that you receive WL This Week, a weekly message filled with ideas and news about our organization. Refer a friend! Encourage her to join and share the opportunity to engage and develop as leaders together.

Welcome to Women's League 2020-the same but different!

Debbi Kaner Goldich
