Program funded by: Generous Grant from **Keren Kayemet L'Yisrael (KKL-JNF)** and **Masorti Olami** and **MERCAZ Olami**

שיחות בין אחיות, Sichot beyn Achayot means “conversations between sisters”. This program is designed to foster a deeper mutual understanding between the members of WLCJ in North America, the Masorti women from Israel and Masorti Olami, our communities around the world. It is designed to address the question, “How are we the same, and how are we different?”

Each of the **3 sessions** will address this question by concentrating on one specific issue that is both relevant and timely to us all, and will include presentations from speakers from each side of the Atlantic. The workshops will each be followed by a Q&A session in which all attendees will be encouraged to participate.
